

# Royal

## For those who enjoy the finer things in life

We created the Royal Mattress to be the perfect all rounder, guaranteed to offer a great night's sleep.

The design provides premium spinal support, by combining 75 mm of super soft foam with a pocket sprung interior. This spinal support adapts to your body's natural curves to offer constant support throughout the night.

However, the comfort doesn't end there! The durable knitted fabric top layer is incredibly soft, making sure you enjoy the feeling of getting into a new bed every night.

**Orthopaedic Support**

**Pocket Sprung**

**Soft Touch Fabric**
