The Skovby 37 dining table has a very characteristic design with a sculptural V-shaped base and a dynamic appearance.

The advantage of this base is, that you can place the chairs around the table as you please, without having to consider the table legs.

The Skovby #37 dining table has the capacity to seat six people in its basic position. The table has two extension leaves stored under the tabletop - and fully extended it will seat twelve people.

L: 176cm extending to 276cm  
W: 100cm  
H: 74cm
